Berkeley Global Internships 2022 Student Agreement

The Berkeley Global Internships Program are unique virtual and in-person programs which give students the opportunity to earn academic course credit while gaining practical internship experience in their field of interest. This document outlines program policies and expectations for participants. Please read the following carefully and initial and sign where indicated below to show that you understand and agree to the terms and conditions outlined in this agreement.

Student Agreement Part 1

Read and acknowledge each section below by entering your initials.

Program Components

Berkeley Global Internships is designed to provide each participant with an integrated academic and practical professional learning experience. Course instructors and the assigned coursework give the necessary academic and cultural framework, while the internship/placement provider offers professional content and exposure. Ideally, this combination of experiences will allow participants to develop useful insights and observations to serve them academically, personally, and professionally.

All participants who take part in the Berkeley Global Internships program are required to participate in an unpaid, approximately 20-32 hours per week academic internship. This can be made up of virtual, in-person, and hybrid projects and engagements.

In addition, all students must complete all program-related coursework, and attend any additional program events and excursions. Various professional development workshops will be offered to help prepare participants for their internship experience.

Internship Placement

Once an applicant has been accepted into the program, they will complete any necessary paperwork and steps to confirm their participation. This includes participating in mandatory orientations, meetings, and interviews with potential supervisors. Participants will receive an internship placement within one of the three areas of interests specified on their application based on their skills, interests and professional goals, as well as the internship providers’ needs and work cycles.

Placements can be made anywhere between 3 weeks to 1 day prior to program start date. If a participant decides to reject an offer, he or she must outline why it is not a good fit based on the three areas of interest that were agreed upon. Participants cannot return to an offer once it has been rejected and will receive no more than three offers. Participants are expected to actively participate in the placement process and respond to emails in a timely manner. Failure to do so may result in dismissal from the program.

Withdrawal Policy

If a participant wants to withdraw from the program, a Program Enrollment Change Form must be submitted via your Berkeley Study Abroad portal. A refund of the program fee, minus the deposit, will be issued if the participant cancels by 11:59 pm PST on March 28, 2022. If the request is received after 11:59 pm PST on March 28, 2022, the participant will not be eligible for a refund of the program fee. If payment has not yet been made, the participant will owe the program fee.

Regular Berkeley Summer Sessions refund policies apply to a refund of per-unit fee and other mandatory fees. A refund of per-unit fees and other mandatory fees for related coursework will be issued if the participant...
cancels by the Friday of the second week of the program. For information about regular Berkeley Summer Sessions tuition refund policies and deadlines, visit the Berkeley Summer Sessions website: http://summer.berkeley.edu/registration/refund.

Berkeley Study Abroad reserves the right to cancel Berkeley Global Internships Programs for any reason. In the unlikely event that the program is cancelled, participants will be notified and have the option of switching to another open program by working closely with the program coordinator. If the participant decides not to participate in another program, a full refund of all unit fees and program fee, including the $400 deposit, will be issued upon receipt of the Program Enrollment Change Form.

Participant Expectations

In participating in Berkeley Global Internships, participants understand that neither the University of California nor program coordinators, instructors, nor other staff will be supervising them at all times. However, as a participant, they will be held to the UC Berkeley Code of Conduct (http://sa.berkeley.edu/code-of-conduct), to program policies as listed on the website at https://berkeleystudyabroad.zendesk.com/hc/en-us, and to the student agreement at all times throughout the length of the program. Participants must comply with all rules and regulations issued by Berkeley Study Abroad staff, or program partners. It is within the program staff’s discretion to determine whether any violation warrants a participant’s termination from the program. In that event, a participant may be discharged from the program, but still be held responsible for all program related fees. Any violation of the Berkeley Code of Conduct will also be reported to the UC Berkeley Center for Student Conduct.

Initial Here______________

Scheduling and Absences

Participants will follow a schedule mutually determined between the participant, the program, the internship provider, and the course instructor from the first day of the program to the last. Participants are expected to be on time and ready to work each day they are scheduled. Absence from the internship, course, or other program related events, except for illness or accident, is strictly prohibited. In the case of illness or accident, participants must inform their internship supervisor or instructor as soon as possible. If the illness or accident will inhibit the participant’s ability to complete the program, the program coordinator should also be notified. If a participant has more than three absences for any reason or is late for more than three days, the participant is subject to dismissal from the program. Participants will observe only those holidays that are holidays for the organization. Vacation requests are not allowed.

Initial Here______________

Productivity

Internships are important experiences, but they often include some routine or administrative work. Participants accept that they will assist the internship provider in various ways. A key attribute to developing professionalism is making a commitment to personal productivity. This will allow industrious participants to remain active and challenged by finding ways to contribute voluntarily. Participants are encouraged to keep an open mind and learn from routine situations.

Please note: If, for any reason, a participant is fired from their internship, they will face dismissal from the program.

COVID-19 Community Compact:

Read, make sure you understand, and acknowledge each section by entering your initials.

To help minimize potential exposure to COVID-19 and/or coronavirus variants within the local community abroad, all BSA students are required to agree to comply with the Community Compact that includes some terms that are in addition to, or different from the terms referenced in the Summer Abroad Student Agreement section above. To the extent that the terms of the Community Compact are contrary to the Summer Abroad Student Agreement policy, the Compact shall prevail.

Initial Here______________

Recognizing the interdependence of all members of the BSA program, my host country community, and my responsibility as a BSA student, I commit to assume personal responsibility to help protect others and ourselves by contributing in a way that will promote everyone’s health and safety.

Initial Here______________

As a BSA student, I understand and agree to all the following:

1. I am committed to the health and safety of all and will do my part to limit the spread of COVID-19 and/or coronavirus variants by making my own health and safety, and that of others, a priority.
2. I will remain mindful that the actions I take, at and away from my host institution location, can help limit the spread of COVID-19 and/or coronavirus variants to others in the local community, including the most vulnerable.
3. I must comply with local public health guidelines and with program requirements regarding COVID-19 and/or coronavirus variant prevention practices.
4. If required, I will wear a face covering over my nose and mouth at all times, both inside and outside, when participating in academic and student activities associated with my program.
5. I will practice good hand-washing hygiene, washing frequently and for 20 seconds with soap and water, and utilize hand sanitizer if hand-washing facilities are not available.
6. I will follow physical distancing protocols as required by the country and host institution laws and health directives.

Initial Here______________

I understand that:

I may be required to comply with additional mitigation measures in the future based on host institution and local government issued health directives.

Violations of these mitigation measures could put myself and others at risk for serious health complications related to COVID-19 and/or coronavirus variants.

BSA and its partners are taking reasonable steps to mitigate risks to the program community, but that it is not possible to guarantee a COVID-19-and/or coronavirus variant-free environment or eliminate the chance of infection and the health risks associated with it.

I may be required to leave the program immediately for not complying with any of the provisions of this Compact, and that serious or persistent noncompliance may result in suspension and/or other corrective or disciplinary actions and sanctions under the procedures set forth in the Summer Abroad Student Agreement.

Although noncompliance can result in disciplinary sanctions, I recognize that BSA and its partners are relying on the voluntary actions of each of us as community members to do our part during this global crisis.
I acknowledge and agree to these mitigation protocols.
