Objective of the Advising Notes Document
This document is an advising tool written by a Berkeley Study Abroad adviser to review program specific details that may impact a student’s decision to apply for an EAP program. The document is not a summary of eligibility requirements, academic, housing, application and other logistical details freely available to students on the UCEAP and BSA website, and reviewed by a student in the Program Self-Assessment. The best source of detailed program information is always the UCEAP Program Guide from the prior academic cycle. If any concerns you have are not addressed on the UCEAP website, in the Program Guide or the Advising Notes document, please contact the BSA adviser for this program.

Prospective Fall 2018 students: Contact the BSA adviser for an update on the status of the fall program.

Competitiveness of the Program
Students who meet the minimum eligibility requirements and submit a well-prepared application with an articulate Statement of Purpose will have a good chance of being selected, but we cannot make guarantees.

Additional Application Materials for the University of Nicosia
Students may need to complete host university application materials after their selection to the program by Berkley Study Abroad. Students should note that host university application may require items that may take additional time to prepare, including, but not limited to, letters of recommendation, official transcript, and passport-size photos. Please do not take action until you have been given detailed instructions for these items by UCEAP.

Scholarships
Don't forget to apply for a UCEAP Scholarship in MyEAP by March 15 for Fall programs and September 15 for Spring programs! More information on financial aid and scholarships can be found on our website: http://studyabroad.berkeley.edu/finances

Special Demands of the Program
Students are responsible for reviewing all informational materials and resources provided by UCEAP and the University of Nicosia and are expected to do independent research on the country of Cyprus and city of Nicosia and the University of Nicosia.

Students should familiarize themselves with the role of race, gender, sexuality, and religion while studying in Cyprus, and develop appropriate expectations according to personal backgrounds and self-identification. LGBTIQ students are invited to reference the UCEAP LGBTIQ Community Resource Page to learn about host country laws and norms.
