The COVID-19 pandemic continues to present challenges related to health concerns and international travel. UCEAP has been updating their website’s Coronavirus Notice with up-to-date information. Please check this website for the most up to date information about which programs are running in the 2022-23 academic year.

Updated Feb 2022.

Ireland - All Programs
UCEAP Advising Notes

Objective of the Advising Notes Document
This document is an advising tool written by a Berkeley Study Abroad adviser to review program specific details that may impact a student’s decision to apply for an EAP program. The document is not a summary of eligibility requirements, academic, housing, application and other logistical details freely available to students on the UCEAP and BSA website, and reviewed by a student in the Program Self-Assessment. If any concerns you have are not addressed on the UCEAP website, in the Program Guide or the Advising Notes document, please contact the BSA adviser for this program.
Advisor Contact Information
The BSA Adviser for Ireland is Amy Veramay (averamay@berkeley.edu). Amy studied abroad in Ireland and would be happy to share about her experiences there.

Application Details
You can use this website How to Apply for a UCEAP program to assist you.

There are two applications for these programs:
1) Berkeley students will start their application via the Berkeley Study Abroad website
2) Students will then complete a second application in the UCEAP Portal (accessible via the orange Apply now button on the UCEAP program page)

Table of Contents
1. Irish Universities (fall, spring and year)
2. Irish Parliament Program (fall and spring)
3. Dublin Science & Engineering (summer)
4. Other Important Notes for All Programs

Irish Universities

Additional Application Details
Later on in the process, not at the time of your initial applications, students will also apply directly to their host university. You will be prompted for this application, so don’t worry!

Host University Preference and Placement
Host university options include: Trinity College Dublin, University College Dublin, National University of Ireland, Galway and University College Cork.

Be sure to review which courses Irish universities offer via UCEAP's academic guide to determine which university is the best academic fit for you.

When applying to the Irish Universities program, you apply to an exchange network as opposed to a specific university. In your application, you will be asked to rank the Irish host universities in order of preference. We encourage students to only rank the universities you’d actually see yourself attending and rank at least two.

What are my chances of being placed at my first choice of host university?
While your first choice university cannot be *guaranteed*, most well qualified students are placed at their first choice university. The placement decisions made by the UCEAP Study Center are based primarily on academic fit.

Admission to a host university is contingent upon acceptance into a particular department (usually the applicant’s major department) at that university. Study within a small range of departments (one or two) is the norm. For example, if you are an Econ major at Cal, but applying to take History courses at Trinity, your application would not be as strong as a History major at Cal applying to the History department at Trinity. Some universities have you apply directly to a school or department, but then let you take a few courses in other areas.
If placement at any institution other than your first choice host university is not acceptable to you, you can consider an independent study abroad program or look into applying directly to the university.

**Selection Timeline and Terminology**
Nomination to the Irish Universities program happens at the campus level. Your application is then forwarded to UCEAP and then finally on to the UCEAP Study Center. The UCEAP Program Officer will select your application for “referral” to a specific host university. The UCEAP office will then notify you via email to check your “referral” status in your UCEAP Portal.

After students complete all necessary pre-departure paperwork and procedures, their status will be changed to “accepted.” In almost all instances, your “referral” equals your “acceptance.” Acceptance at Irish Universities over the last couple years have come in September/October for spring students and May for fall students. You can check this chart to see when students have been placed at your host university in the past.
Cohort
This program allows students to take courses alongside local Irish students, as well as international and UC system-wide students. To see how big the UCB cohorts were per university, check out this chart.

Academics
Flexibility is important. Keep in mind that the courses you find in the UCEAP Course Catalog or on the host university’s web site may not be offered the semester(s) you will be abroad. Often times you will not have concrete information about what courses will be offered until a couple months before departure or even until upon arrival in Ireland. Be prepared for the possibility that you will have to modify your plans.

How many courses/units will I take?
Students are required to take a minimum of 14-16 units each semester. The usual course load is about four classes per semester, but this can vary by university and the specific courses selected. Check out the chart below to see how many courses students took in the past and how many semester units they were.

<table>
<thead>
<tr>
<th></th>
<th>Trinity</th>
<th>UCD</th>
<th>Galway</th>
<th>Cork</th>
</tr>
</thead>
<tbody>
<tr>
<td>Typical amount of courses students take</td>
<td>4-6</td>
<td>5-6</td>
<td>6</td>
<td>4-6</td>
</tr>
<tr>
<td>Typical semester unit per course</td>
<td>2.7-5.3</td>
<td>2.7-4</td>
<td>2.7</td>
<td>2.7-5.3</td>
</tr>
<tr>
<td>Typical total semester unit count for term</td>
<td>15-16</td>

</tr>
</tbody>
</table>

Housing
Trinity College Dublin
If Trinity is of interest to you, please be advised that it is quite likely that you will need to find your own housing in Dublin, as university housing is not guaranteed to UCEAP students. A majority of international students stay in Binary Hub, a newly built housing complex that is approximately a thirty minute walk from Trinity and comes recommended by Trinity’s Global Affairs Office.
<table>
<thead>
<tr>
<th>Accommodation</th>
<th>Known for...</th>
<th>Room type</th>
<th>Proximity to Campus</th>
</tr>
</thead>
<tbody>
<tr>
<td>Binary Hub</td>
<td>Very new, located across from the Guinness factory, this is where almost all U.S. international students stay, this is coordinated through Trinity’s international office (the Global Room), really nice front desk staff, gym in the complex, hosts lots of events. Worth the ~239 euro/week price.</td>
<td>Single with attached bathroom, kitchen on floor. Each flat has 4-6 rooms. The heaters are amazing.</td>
<td>1.2 miles (25 min walk)</td>
</tr>
<tr>
<td>Kavanagh court</td>
<td>Another great place where students stay, but it seems the Erasmus (European) students stay here more. They don’t host events for their residents, but this is a nice place and closer to campus.</td>
<td>Single</td>
<td>0.5 miles (10 min walk)</td>
</tr>
</tbody>
</table>

For University College Cork, University College Dublin or National University of Ireland, Galway, click the links to read about Housing options from the UCEAP webpages.

**Irish Parliament Program**

**Additional Application Details**

**Letter of Recommendation:** This program requires students to submit a letter of recommendation from a UC Berkeley faculty member, or GSI/GSR who can speak to their academic abilities.

**Placement**

To avoid placement delays or rejection, you are encouraged to put the time into developing a strong cover letter and CV with your initial application. The Parliament reserves the right not to accept a student based on the quality of their cover letter and/or CV. The Career Center offers excellent resources and support, which all students are encouraged to take advantage of. You can check this chart to see when students have been placed at your host university in the past.

**Housing**

For this program, students are placed in a homestay with an Irish family. Students will live in the small, coastal towns of Dalkey and Killiney. They are still in County Dublin - on the train it’s about 30 minutes from the school and about 40 minutes from Parliament. The train system in Dublin is called the DART and is very similar to BART. You may share a homestay with another student on the same program.

Breakfast and dinner will be provided during the week, and on weekends you will receive lunch but not breakfast and dinner. Other meals are your own responsibility. Homestays are included in the UCEAP fees and

**UCEAP Advising Notes – Dublin Science & Engineering**
the arrangements are made by the Institute of Public Administration. Homestays are integral to the program and are required for all participants.

_Student quote: “It’s impossible to not make friends almost immediately especially with the homestay aspect of the program!”_

**Academics**
Class sizes are usually about 30 students and are taught by lecturers at the Institute of Public Administration (IPA) in the IPA building, which is located in an attractive, tree-lined suburb of Dublin within easy reach of the Parliament and the city center.

**How many courses/units will I take?**
Students are required to take 3 academic courses, worth 3 units each. See the UCEAP program website for more information on the courses. Students will then earn an additional 5 units for their internship for a total of 14 total units.

**Cohort**
To see how big the UCB cohorts were per university, check out this chart.

---

**Dublin Science & Engineering**

_This document does not reference the physics track as this option is not available for Berkeley students._

**Additional Application Details**
Later on in the process, not at the time of your initial applications, students will also apply directly to University College Dublin. You will be prompted for this application, so don’t worry!

**Academics**
All students are required to take two courses (4 semester UC units each). Each course is four weeks long to total an 8 week program.

The Science and Engineering School at the University College Dublin offers Berkeley students one track option: Organic Chemistry.

This track ran for the first time in summer 2019 and is equivalent to UCB's Organic Chemistry sequence—Chem 3A/3AL and 3B/3BL. **Please note that for any student pursuing a pre-health track that requires organic chemistry (med, dental, pharm, vet, etc), this course will not work due to the very unique chemistry sequence that students take at Berkeley. If you are pre-health, please reach out to Amy or consider another study abroad program.**

**Cohort**
This program allows students to take courses alongside international and UC system-wide students. To see how big the UCB cohorts were per university, check out this chart.

---

**Other Important Notes for All Programs**

**Delayed Grades from Abroad:** Important for Seniors

UCEAP Advising Notes – Dublin Science & Engineering
Depending on the host institution, UCEAP will transmit your UCEAP courses, units, and grades to Berkeley up to 90 days after your program officially ends. You cannot be administratively graduated until your UCEAP grades are reported to Berkeley, are posted to your transcript, and a degree audit is conducted. The Berkeley Office of the Registrar only administratively graduates students (a.k.a. degrees are “posted” to transcripts) three times per year: October for students with a summer anticipated graduation date, February for students with a Fall anticipated graduation date, and July for students with a Spring anticipated graduation date. If your EAP grades arrive after degrees are posted for your term of participation, your degree will be processed and posted to your transcript with the next term’s degree list.

You can review this [chart](#) to see when students at your host university in the past have had their EAP grades transmitted to the Berkeley Office of the Registrar. Factoring in a 1 to 4-week delay for grades to appear on your Berkeley transcript, determine when your degree is likely to be posted by the Berkeley Office of the Registrar (October, July or February).

If you determine that your grades are likely to arrive later than the term you need to graduate from Berkeley to stay eligible for your graduate program or another post-graduation opportunity, contact the program/employer you are applying to as early as possible. Ask about their policy on delayed graduation due to study abroad participation. Find out how long they can wait for UCEAP grades to be recorded on your official Berkeley transcript and for your degree to be posted by the Berkeley Office of the Registrar.

Ask your graduate program or employer if you can provide some academic information while waiting for your UCEAP grades or Berkeley diploma. If courses and grades do not yet appear on your Berkeley transcript, ask the program/employer if it will accept an official “Verification of UCEAP Coursework.” This is a letter from UCEAP verifying dates of UCEAP attendance and giving the estimated dates of arrival for course titles, units, and grades. You can get this letter from your BSA Campus Adviser or from your UCEAP Academic Specialist for your program. If your UCEAP grades already appear on your Berkeley transcript but you are waiting for your degree to be posted, you can also request a Certificate of Completion. Read more about Transcripts and Diplomas on the Office of the Registrar website.

**EAP Alums**
EAP alumni are one of your best resources for information about the program. If you would like to be put in touch with alums, simply send the BSA Adviser an email with your list of questions and the contact information of returnees who have agreed to be contacted will be shared.

**EAP Alum-Created Resources**
Some of our returnees have created presentations to share with others. You can look at their work through the [Student Created Resource Google folder](#) that we will continually update with tips, example schedules and presentations from students who have participated in this program.

**Making friends with locals**
When students are able to make friends with locals while studying abroad, their experience is enriched. The recent post [How to Make Friends with Locals While Abroad](#) by UCEAP student Elizabeth Lemmerand (UCLA) offers advice for students to make meaningful connections while they travel.

**Media Resources**
In order to aid with your study abroad process, the Study Abroad team has compiled media resources from UCEAP and Universities. These resources include YouTube videos that provide an overview of a location or university, and student blog posts and more. These resources can be used to give you a better understanding of what your study abroad experience may be like!
