Summer in Sussex

UCEAP Advising Notes

Objective of the Advising Notes Document

This document is an advising tool written by a Berkeley Study Abroad adviser to review program specific details that may impact a student's *decision to apply* for a UCEAP program. The document is *not* a summary of eligibility requirements, academic, housing, application and other logistical details freely available to students on the UCEAP and BSA website, and reviewed by a student in the Program Self-Assessment. If any concerns you have are not addressed on the UCEAP website, in the Program Guide or the Advising Notes document, please contact the BSA adviser for this program.

A great source of information is the University of Sussex's [International Summer School](#) website. If any concerns you have are not addressed on the UCEAP website, in the Program Guide or the Advising Notes document, please contact the BSA adviser for this program.

This document does not reference the physics track as Berkeley students are no longer able to participate in this track.

Application

Important note for this program:

Qualified applicants are accepted on a first-come, first serve basis. Applications open on November 1, 2023 at 9am and the UCEAP application submission is the timestamp for consideration of admission to the program.

Students may review the UCEAP application instructions and start preparing any required documents for upload prior to the opening date, but cannot start the application until it opens on Nov 1st at 9am. **Be sure to submit the UCEAP application first**, immediately followed by the submission of the BSA application (within 24 hours) for all programs. Students may work on their BSA application in advance, but cannot submit until it opens on Nov 1st.

Academics

Flexibility is important. Keep in mind that the courses you find in the UCEAP Course Catalog or on the host university's web site may not be offered the semester(s) you will be abroad. Oftentimes you will not have concrete information about what courses will be offered until a couple months before departure or even until upon arrival in England. Be prepared for the possibility that you will have to modify your plans.

All students must take a full-time course of study: two courses for a total of 8 semester UC units. You will choose two courses from the University of Sussex. A wide array of courses is available in film, law, mathematics, psychology, and more. Each course is worth 4 semester UC units. Take one course for the first three weeks and one course for the second three weeks. You can view the course options [here](#).

There is more emphasis on writing at the University of Sussex than at UC. Significant emphasis is placed on literacy not only in the humanities and social sciences but also in the sciences. It is the norm that British students have excellent writing abilities, and marking down for poor writing, spelling, and grammar is common.

Other Important Notes

Delayed Grades from Abroad: [Important for Seniors](#)

Depending on the host institution, UCEAP will transmit your UCEAP courses, units, and grades to Berkeley up to 90 days after your program officially ends. You cannot be administratively graduated until your UCEAP grades are reported to Berkeley, are posted to your transcript, and a degree audit is conducted.

The Berkeley Office of the Registrar only administratively graduates students (a.k.a. degrees are "posted" to transcripts) three times per year: October for students with a summer anticipated graduation date, February for students with a Fall anticipated graduation date, and July for students with a Spring anticipated graduation date. If your EAP grades arrive after degrees are posted for your term of participation, your degree will be processed and posted to your transcript with the next term's degree list.

You can review this [chart](#) to see when students at your host university in the past have had their UCEAP grades transmitted to the Berkeley Office of the Registrar. Factoring in a 1 to 4-week delay for grades to appear on your Berkeley transcript, determine when your degree is likely to be posted by the Berkeley Office of the Registrar (October, July or February).

If you determine that your grades are likely to arrive later than the term you need to graduate from Berkeley to stay eligible for your graduate program or another post-graduation opportunity, contact the program/employer you are applying to as early as possible. Ask about their policy on delayed graduation due to study abroad participation. Find out how long they can wait for UCEAP grades to be recorded on your official Berkeley transcript and for your degree to be posted by the Berkeley Office of the Registrar.

Ask your graduate program or employer if you can provide some academic information while waiting for your UCEAP grades or Berkeley diploma. If courses and grades do not yet appear on your Berkeley transcript, ask the program/employer if it will accept an official "Verification of UCEAP Coursework." This is a letter from UCEAP verifying dates of UCEAP attendance and giving the estimated dates of arrival for course titles, units, and grades. You can get this letter from your BSA Campus Adviser or from your UCEAP Academic Specialist for your program. If your UCEAP grades already appear on your Berkeley transcript but you are waiting for your degree to be posted, you can also request a Certificate of Completion. Read more about Transcripts and Diplomas on the Office of the Registrar website.

EAP Alums

EAP alumni are one of your best resources for information about the program. If you would like to be put in touch with alums, simply send the BSA Adviser an email with your list of questions and the contact information of returnees who have agreed to be contacted will be shared.

EAP Alum-Created Resources

Some of our returnees have created presentations to share with others. You can look at their work through the [Student Created Resource Google folder](#) that we will continually update with tips, example schedules and presentations from students who have participated in this program.

Making friends with locals

When students are able to make friends with locals while studying abroad, their experience is enriched. The recent post [How to Make Friends with Locals While Abroad](#) by UCEAP student Elizabeth Lemerand (UCLA) offers advice for students to make meaningful connections while they travel.

Media Resources

In order to aid with your study abroad process, the Study Abroad team has compiled media resources from UCEAP and Universities. These resources include YouTube videos that provide an overview of a location or university, and student blog posts and more. These resources can be used to give you a better understanding of what your study abroad experience may be like!
